FUSED™

L A T T E

LET US INTRODUCE YOU TO WHAT WE'VE CRAFTED.

Latte. This simple, steamy, cream-enriched coffee blend has filled cups and hearts since 17th century Europe. It's steeped deeply in our culture as a source of comfort and craving. But, as the years have gone by, the latte has slowly evolved, becoming much more than just an early-morning brew. Latte is now a lifestyle.

There is another culture brewing. It's one that we're involved with heavily here at Rain, and one that we thought should be combined with the coffee lifestyle. That's the healthy life. This is where health and pleasure meet, in latte created the Rain way.

This is Fused. One part creamy latte, one part seed-powered nutrition. It's the perfect balance of the rich, indulgent lifestyle coffee drinkers enjoy, and the conscious, feel-good lifestyle of the health world. Your morning pick-me-up just became more enticing.

CREAMER

Fused Latte gets its rich, creaminess from natural sources to give you a decadent latte without compromising health. To accomplish this, we dedicated ourselves to crafting something unique. We have now created our very own, proprietary creamer with a combination of healthful features that no other creamer can claim. Our creamer is coconut-based, which means it's naturally lactose and fat-free. We utilize palm sugar, a healthy alternative to traditional table sugars that brings an earthy nuttiness to enhance our Latte's flavor. It's a creamer that was created from natural ingredients, without animal byproducts, to create a latte experience unlike anything you've had before.

SEEDS

Each coffee bean is infused with a combination of our two-seed oil blend and two seed extracts. Our two-seed blend consists of the black cumin seed and pomegranate seed. The two seed extracts come from the grape seed and grapefruit seed. Each of these seeds offers their own blend of benefits. The black cumin seed has been used for thousands of years as a natural health remedy. Grapefruit seed extract contains levels of vitamin C. Grape seed adds the benefits of flavonoids and proanthocyanidins. Finally, the pomegranate seed has many benefits for the skin. The combination of these seed oils makes our coffee a super-nutritional giant.

Ingredients: Coconut Palm Sugar, Arabica Coffee Powder, Sodium Bicarbonate, Seaweed Extract, Titanium Dioxide, Ultra Fine Brazilian Coffee Grind, Xanthan Gum, Stevia Extract, Ganoderma Extract, Grape Seed Extract, Natural Flavor, Pomegranate Seed Oil, Black Cumin Seed Oil.

DIRECTIONS: BOIL WATER. REMOVE STICK PACK FROM BOX. ADD 6-8 OUNCES OF WATER TO GLASS. ADD FUSED LATTE.

HOW DO WE DO IT?

- PATENT PENDING -

1. WE START WITH HAND-SELECTED, WORLD-CLASS COFFEE BEANS

2. WITH A UNIQUE PROCESS THE POTENT, NUTRIENT-RICH SEED OILS ARE EXTRACTED AS TINY PARTICLES, SMALL ENOUGH TO PENETRATE THE MICROSCOPIC PORES OF THE COFFEE BEAN

3. THE BEANS THEN TAKE A BATH IN OUR PROPRIETARY BLEND OF SEED OILS AND EXTRACTS

4. WE DRAW THE AIR OUT OF THE BEAN, ALLOWING RAIN'S BLEND OF SEED OILS AND EXTRACTS TO BE DRAWN BACK IN, FILLING THE BEAN'S HONEYCOMBED STRUCTURE. EACH COFFEE BEAN IS NOW INFUSED WITH OUR HEALTHFUL, PROPRIETARY SEED BLEND.

5. ONCE THE BEANS HAVE UNDERGONE THE INFUSION PROCESS, THEY ARE THEN GROUND INTO A READY-BREW FORM. THIS MEANS YOU CAN HAVE YOUR COFFEE WITH THE SPEED OF AN INSTANT COFFEE, WITHOUT SACRIFICING ANY OF THAT GREAT, HOME-BREWED FLAVOR YOU CRAVE.

6. RESULTING IN THE MOST NUTRITIOUS, HEALTHY CUP OF COFFEE ON THE MARKET.
